

Welcome to
Långholmen Football Club

Långholmen FC was founded in 2002 and is now an important part of the sporting and social life in Stockholm and also of the expat community.

In total, LFC have five teams, regular structured training, casual kickabouts, a lively social network plus a solid and growing fan base. The club has a core of committee members that have been around since the foundation of the club and who work to ensure the club runs smoothly and accordingly with the authorities. We have players and coaches with internationally recognised qualifications, several players with backgrounds in coaching, sports education, professional nursing plus First Aid tutors.

We have a fantastic website that's full of information about the club, a great Facebook presence to connect to friends, fans, an active Twitter feed for live match reports, results and info for our followers too. We are on Instagram with superb photos of all our teams, players, fans and all things LFC, a Flickr photo site with thousands and thousands of images from past to present, a YouTube account hosting our video clips of matchs and a Wikipedia information page.

LFC was founded in 2002 and is a firm believer in fair play football and sportsmanship. Respect your fellow players. Love football. Enjoy the beautiful game.

Our teams have won five championships, twelve promotions and the Stockholm Korpen champions trophy. In 2010 our first team made it to Division 3 (semi pro) and in 2012 Långholmen FC were drawn against IFK Göteborg in the Svenska Cup after becoming runners up in the Stockholm Cup the previous season. This match was played on 20 August 2012 at Grimsta IP and it was the biggest day ever in the club's history creating mass media hype both in Sweden as well as internationally. The team, club and fans are extremely proud of this historic match.

Långholmen FC organise year round football for our members and teams. There are fundraising events held by the club, indoor training throughout the winter months, a club forum exclusively for our paid members and our widely used social media presence that helps us communicate with our players and fans about all our matches, events and yearly activities.
